

This leaflet covers Dalton-le-Dale and Dawdon. Explore Dawdon Dene, visit the Norman Church of St Andrew and Dalden Tower, a former medieval manor house.

The yellow walk connects to the King Charles III England Coast Path. This path is being developed and will soon go all the way around the coast of England. The section in Durham is fully open and provides wonderful views of the cliffs, beaches and coastal wildlife.

Enjoy the stunning views out towards the coast and stroll through parks and wooded areas.

The walks follow well-marked paths and are suitable for most people, although there are some steps and muddy sections.

Take care on the coast, follow local signs and keep back from the cliff edge.

Explore the fabulous Durham coast with this series of walk leaflets offering short, easy walks from the coastal villages.

Each leaflet shows colour-coded walks. The green routes are the easiest, yellow routes are longer and the red routes are the most challenging.

There are 8 leaflets in the series, and an additional leaflet showing key bus routes and travel information.

# Dalton-le-Dale & Dawdon

Coastal short walks

## Map key

 Yellow walk: 2.4 miles / 1 hour 10 mins

The route has no steps or stiles. It is mostly on pavements but in places, may be muddy in wet weather.

 Red walk: 4.5 miles / 2 hours 15 mins

This route has plenty of benches and rest stops. There are no steps or stiles but the surface may be muddy in places in wet weather.

Please note: walk lengths are approximate. The walk time is based on an average walking speed of 2 miles per hour.
